## BITES

---

ITALIAN SPICED NUTS ..... \$4

Mixed nuts, lightly roasted. You're gonna love our nuts.

OLIVES AND CHEESE ..... \$8

Why are you still reading? It's olives and cheese.  
Fontina cheese, because we know you're going to ask.

BREAD & OIL ..... \$7

It's bread. Dip it in the oil. Or don't. We're not the boss  
of you.

Crusty bread fresh baked by Allez Bakery in OTR.

## PLATES

---

MEAT ..... \$16

A big pile of fancy cured meats and artisan cheeses  
served with fresh bread. It's gourmet as hell.

FAKE MEAT ..... \$16

Just like the meat plate, but the "meat" is vegetarian  
and we give you some nuts too. You know, for protein.

SANDWICH & SOUP ..... \$12

Italian meats and cheeses on fresh bread served with  
soup of the day. No, we won't cut the crust off.

## DESSERT

---

DESSERT PLATTER ..... \$12

Two mini cannoli's and Italian sesame cookies by  
Sweet Petite Desserts served with Maverick Chocolate  
and fresh fruits. We won't judge you if you order two.
